

The teacher

is

- Planning and preparing lessons
- Encouraging student participation
- Researching and developing new teaching materials:
- Marking student work and recording performance
- Providing learners with one-to-one support
- Improving your own learning and professional development:
- Communicating with students, parents, other teachers, and educators.

is your guide
in the world of
knowledge ❤️

Why are Modern Teaching Methods Necessary?

Modern teaching methods help meet the educational needs of students in the contemporary era. It also focuses specifically on expanding their fundamental knowledge about the world and building critical thinking skills that will allow them to handle all kinds of challenges as they advance in their academic careers.

The project was prepared by a foreign language teacher,
Yulia Aleksandrovna Simakina
