From: c.baxter@baxterarchitecture.net
Subject: Materials

Hello Ms. Nolan,

Thank you for your interest in our services. Here is some information about the materials we use.

Wall surfaces We offer the best **drywall** available. We create a variety of textures with our versatile **plaster**.

Wall interiors Behind your walls, you will find a frame of sturdy **timber**. Also, we use strong **fiberglass** for plumbing and ducts. Thick **rubber** hoses and gaskets keep you safe from leaks.

Windows We recommend traditional **glass** to most homeowners, but we also offer transparent **plastics** that are less expensive.

Floors We have a wide selection of floor **tiles**. Do you want something fancy? Go with **marble** for your entryway or staircase.

Fixtures We install beautiful kitchen and bathroom fixtures made from fine **porcelain**.

SPEAKING
