

Dear Father Frost,

My name is Varvara Sigaeva. I am a pupil in the fifth grade. I am writing this letter to you because I believe in magic and in your kindness.

This year was very interesting for me. I tried to study well, especially in Math and English. I also helped my parents around the house and was polite with my teachers and friends. I know that I am not perfect, but I am trying to become better.

For the New Year, I have a special wish. I would really love to get a new smartphone. My old one is very slow, and I need a good camera to take pictures for my school projects and memories with my family. It would help me very much.

I also wish for all my family to be healthy and happy. Please say hello to your granddaughter, Snegurochka.

I am looking forward to the New Year's Eve. Thank you for reading my letter!

Best wishes,
Varvara
