GENERATION X

Born between 1965 and 1980, now in their forties.

- ▶ Generation X created the Internet. When they were teenagers, mobile phones were enormous, and not many people had computers at home. They had to **deal with** big changes in technology. But this generation is adventurous and they are not afraid of change. Now they use wearable technology to stay fit and healthy. Generation X **looks** after themselves and staying young.
- ▶ Generation X grew up with both parents at work due to one of the reasons they are independent.

Generation X are very sociable, but also hard-working. Even though they go out until late, they still get up for work. They are passionate about music. They invented portable music players. When they were teenagers, they listened to cassette tapes and CD players.

GENERATION Y / MILLENNIALS

Born between 1980 and 2000, now in their twenties and thirties.

- ▶ Generation Y, or Millennials, are the selfie generation, also known as Generation Me Me Me. Some people say they **focus on** themselves too much. 15
- ▶ They grew up with technology and they **depend on** their smartphones. They download and listen to music on their phones all the time.
- ▶ Generation Y have FOMO or 'fear of missing out'. They like to share experiences on social media, and they **worry about** being popular and having a good time. Fifty-three percent prefer to spend money on an experience than a possession. 20
- ▶ Lots of Generation Ys went to university, but because of unemployment they find it hard to get jobs that make them happy. 25
- ▶ Many of them live at home and depend on their parents. They get married later than Generation X — the average age for women is twenty-seven and for men it's twenty-nine. They would like to be more independent, but they can't afford to be.

GENERATION Z

Born between 1995 and now.

- ▶ Generation Z are good at multi-tasking. They can use several screens at the same time and this is why they're called Screenagers. They're fast thinkers, and when something doesn't happen quickly, they get impatient. 30
- ▶ Generation Z are the 'we' generation. They don't **think about** themselves too much. Instead they focus on global problems like terrorism and global warming.
- ▶ They're sociable and they enjoy **connecting with** friends on social media, but they can also feel very lonely. Generation Z love going to gigs or amusement parks. Eighty percent prefer to spend time with their friends in person than on the phone or online. 35
- ▶ Generation Z believe in getting a good education, but they worry about university fees. This generation is ambitious and want to start their own businesses. 40

Generation M

Teenagers today spend a lot of time using technology. Many of them like to hang out with their friends instead of meeting in person. They often hang out for hours, playing games or watching videos mostly on their phones. It's easy for them to get lost in social media, music, movies, and apps. Sometimes, parents worry about their kids for being online too much because it can have a negative impact on their health. It is important for teenagers to learn how to use technology responsibly. Finding a good balance between online activities and real life is key to staying healthy and happy.
