VOLUNTEERING

Lesson notes:

1. Task 38 (essay)

2. Task 4 (speaking)

Imagine that you are doing a project on the most popular types of volunteer organisations among young people in Zetland. You have found some data on the subject — the results of the opinion polls (see the table below). Comment on the data in the table and give your opinion on the subject of the project.

The opinion poll question: What volunteer organisation do you belong to?	
Types of volunteer organisations	Number of respondents (%)
Ecological organisations	39
Helping in an emergency	28
Animal shelters	18
Supporting senior citizens	10
Helping the homeless	5

Write 200–250 words.

Use the following plan:

- make an opening statement on the subject of the project;
- select and report 2–3 facts;
- make 1–2 comparisons where relevant and give your comments;
- outline a problem that can arise with joining a volunteer organisation and suggest a way of solving it;
- conclude by giving and explaining your opinion on the importance of volunteering for young people.

1 Task 4. Imagine that you are doing a project “The importance of volunteering” together with your friend. You have found some illustrations and want to share the news. Leave a voice message to your friend. In 2.5 minutes be ready to tell the friend about the photos:

- give a brief description of the photos (2 features connected with the subject of the project in each photo minimum);
- say in what way the pictures are different (2 features connected with the subject of the project minimum);
- mention the advantages and disadvantages (1–2) of the two types of activities;
- explain how these photos illustrate the project “The importance of volunteering”;
- express your opinion on the subject of the project – whether you would like to be a volunteer and why yes or no.

You will speak for not more than 3 minutes (2–3 sentences for every item of the plan, 12–15 sentences total). You have to talk continuously.
