Запуск 123D Design

The screenshot shows the 123D Design software interface. At the top, the title bar says 'Untitled*' and the Autodesk 123D Design logo is on the left. The main window displays a 'WELCOME TO 123D DESIGN' screen with 'Quick Start Tips'. The screen is divided into two main sections: 'Preferences' on the left and a language selection area on the right. The 'Preferences' section includes a list of help topics: 'Quick Start Tips', 'Shortcut Keys', 'Help', 'Support Forum', 'Video Tutorials', 'Preferences' (highlighted with a red circle), and 'About'. An arrow points from the text 'Find Preferences in help section' to the 'Preferences' item in the list. The language selection area states 'We now support many languages. English, Japanese, Simplified Chinese, Spanish and Turkish!' and shows a 'Choose Preferred Language' dropdown menu with options: 'English', '日本語 (Japanese)', '简体中文 (Simplified Chinese)', 'Español (Spanish)', and 'Türk (Turkish)'. Below the dropdown is a checkbox for 'Check for updates automatically' and a 'Check for updates now' button. At the bottom of the screen, there is a blue button labeled 'Start a New Project' with a red arrow pointing to it. The bottom status bar contains a checkbox for 'Don't Show this Again (Tips : Help Menu > Quick Start Tips)', links for 'Sign In', 'Join Now', 'Go Premium!', '123D Website', and 'Blog', and an 'Edit Grid' button.
