5. Продолжение основной части

Lemonade from Present Tense Look in the envelopes. These are your tips.

Какое время мы используем, когда говорим о своих привычках, о том, что делаем каждый день/год/месяц/часто/никогда?

Present Simple. В каждом времени 3 типа предложений: утвердительное, отрицательное и вопросительное. Мы остановимся только на утвердительных. У вас в конверте есть примеры предложений. По которым Вы постараетесь сделать схему строения утвердительных предложений. I give you four minutes.

Look at the board. Let's check.

В утвердительном предложении, если подлежащим является 3-е лицо ед.ч., то мы добавляем к глаголу окончание S.

But there are exceptions to every rule in English.

Magic rules There are verbs that change before adding the ending. How do they change?

We need to divide them into 3 groups. Put these verbs in these pockets. **WHY**

Let's check.

-s SLEEP START GIVE

-es FINISH DO WASH

-ies CRY STUDY FLY

WE ARE CLOSER TO THE END **Potter's day** We need to write and correct.

This is the most famous young magician of our times, Harry Potter. His daily routine is typical of most students his age.

He wakes up at 7:00 o'clock. Harry always brushes his teeth (чиститъ зубы). After breakfast Potter and his friends go to school. School starts at 8:00am and finishes at 3:00pm. Then Harry meets Ron. And they have lunch in the Great Hall. Harry rarely does his homework, Hermione usually gives it to him. In his free time Harry Potter often does magic tricks. He sometimes flies on a broom (метла). All students go to sleep at 9:00pm.

Let's check. Look at the board.

And the last task. From these red letters we have to make a word-spell.

What is the word?
